ANALYSIS

This is the first required review of the parking lot since the initial approval of the Site Development Plan Review (SDR-3054). During a field inspection, staff found the parking lot and surrounding area clean and well maintained. The landscaping around the perimeter of the parking lot appeared to conform to the approved landscaping plans dated 08/27/04, with the exception of the trees surrounding the cul-de-sac at the corner of Valerie Street and Rose Street.

FINDINGS

The parking lot is located within the Las Vegas Medical District. The area is clean and being well maintained. The trees surrounding the cul-de-sac at the corner of Valerie Street and Rose Street were removed due to Federal Aviation Administration height restrictions of obstacles in the flight path to/from a helipad. The City Council approved a Special Use Permit (SUP-10124) allowing the helipad on 01/18/06; therefore, staff is recommending approval of this request.

PLANNING COMMISSION ACTION

The Planning Commission added condition #1 to which the applicant agreed.
